## PRACTITIONERS INITIATION WORKSHOP

Become a Practitioner of the most COMPLEMENTARY healing system on the planet at this time!

The Rising Star Healing System™ is so simple and yet so powerful. It brings your body, mind, and spirit back into balance. The Rising Star encompasses all other healing systems on the planet. It is a living energy - as new healing systems come onto the planet, the Rising Star incorporates them into itself.

A Rising Star healing session works on all levels – physical, emotional, psychological, spiritual, etheric, and energetic - all 7 body systems, and all major chakras. It raises the vibration of the aura (human energy field), and the energy field around every living thing. It transfers divine life energy to the part of your being that needs it most. It is one of the most complete energy healing systems available.

During these powerful Practitioner Initiation Workshops, you will receive a Source to Source Rising Star initiation. This is a very pure and direct lineage. Help yourself and others LIVE LIFE TO THE FULLEST, NOT JUST SURVIVE.
